Introduction	7
CHAPTER 1	
Nature and Specificity of Non-State Actors of International Relations	27
1.1. Non-state actors of international relations.....	32
1.2. Power dynamics theory in the late-Westphalian international environment.....	55
1.3. Convergent Evolution in the Science of International Relations.....	87
CHAPTER 2	
Mechanisms of Evolution of Non-State Actors in International Relations	103
2.1. The axis of power of the quantum field...of power manifestation in the late-Westphalian international environment.....	108
2.2. The axis of the quantum field efficiency of the power manifestation in the late-Westphalian international environment.....	138
2.3. An axis of organisation of the quantum field of force manifestation in the late-Westphalian international environment.....	175
2.4. Interactions between axes of the quantum field of power manifestation in the late-Westphalian international environment.....	209
CHAPTER 3	
Typology on Non-State Actors in International Relations	217
3.1. Non-state actors of international relations – intergovernmental international organisations.....	222
3.2. Non-state actors in international relations – sub-state actors.....	244
3.3. Starting points for the convergent evolution of non-state actors of international relations in the late-Westphalian international environment	271
CHAPTER 4	
Mechanisms of Evolution of Non-State Actors in International Relations	291
4.1. Objectives of the evolution mechanisms of non-state actors in international relations	297
4.2. Structures of non-state actorsiin international relations undergoing evolution	307

4.3. Forms of implementation of mechanisms for the evolution of non-state actors in international relations.....	317
4.4. Effectiveness of the evolution mechanisms of non-state actors in international relations	356
CHAPTER 5	
Products of the Evolution of Non-State Actors of International Relations	369
5.1. The post-Westphalian international environment.....	372
5.2. The late-Westphalian international environment: decrease in the legitimacy of Westphalia	381
5.3. The late-Westphalian international environment: the reduction of territory of Westphalia.....	385
5.4. The Westphalian International Environment 2.0	397
Summary.....	407
Bibliography	413
